# UNIFORM CRIME REPORTING PROGRAM

The Uniform Crime Reporting Act of 1929 was conceived to meet the need for reliable uniform crime statistics across our nation. In 1930, the FBI was tasked with collecting, publishing, and archiving these statistics. In California, the City of San Bernardino is mandated (by Ca. Government Code) to report UCR statistics to the California Department of Justice on a monthly basis. The CADOJ collects and forwards this information to the FBI.

As a courtesy, the San Bernardino Police Department, publishes a monthly summary of crime as it is reported to CADOJ. These summaries are updated and finalized for the year on January 31 for the following year.
