Civil Service Department

Business Plan – Overview

Mission Statement:	To support City management to appoint and retain a qualified, effective workforce through fair, consistent, and objective screening, testing, and disciplinary appeal processes.
---------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

About The Department

The Civil Service Board is authorized by the City Charter. The Board consists of five Commissioners who are appointed by the Mayor with the consent and approval of the Council. The Board directs and is served by the Chief Examiner, an analyst, and a technician.

The Civil Service Department provides pre-employment screening, testing, and certification services for approximately 500 job classifications in the City and the Water Department while ensuring that testing standards and examinations are valid, reliable, and job-related.

In providing services to classified employees who appeal lay-off or disciplinary decisions, the Department ensures the Civil Service Rules are in compliance with the Charter and that City policies and procedures are fairly and consistently applied.

Top Accomplishments for FY 2009/10

1. Through mid-year, reduced “Average-time-in-Civil Service” for applicant processing from 15 to 12 days.
2. Collaborated with impacted departments and City Manager’s office to facilitate and implement Reduction-in-Force to mitigate budget crisis.
3. Researched, evaluated, and implemented three new validated testing products for Fire.
4. Created customized applicant diversity reports for Police Department.
5. Developed and submitted recommendations for revisions to Civil Service Rules to ad hoc committee of Board Commissioners.

Major Issues for FY 2010/11

1. Maintain/improve service levels to applicants, employees and City management
 - As the result of lay-offs and salary concessions, Department staffing hours reduced by nearly 30% (current staff at 3 FTE's).
 - In the past six months, average number of "new recruitments opened" increased from seven to eleven per month.
 - In the past six months, average number of "recruitments in process" increased from 15 to 22 per month.
 - Appeal hearings require the dedication of two FTE's, leaving one employee to staff the department for the duration of the proceedings.
 - Department charged with full-time responsibility for staffing 2nd floor public counter (approximately 10,000 contacts per year).

2. Online application process limitations
 - During a slow economy, the number of unqualified applicants rises.
 - The online application is not interactive and allows unqualified applicants to complete and submit applications.
 - All applications must be screened and all applicants must be contacted with results of screening.

3. Testing methods and instruments
 - Need to work with departments to review/revise written exams to ensure tests accurately assess knowledge and experience required to perform work duties outlined in current job descriptions.
 - Need to work with Information Technology to evaluate testing equipment capability and to identify products to assess applicant computer skills, i.e., Word, Excel, Access, and PowerPoint

Program Changes

1. Service levels have been impacted by the reduction of staff hours by nearly 30%; “Average-time-in-Civil Service” for applicant processing will increase from 16 to 20 days.

FY 2010/11 Program Objectives

1. Pursue approval from City Attorney to convert applicant notification method to electronic only.
2. Evaluate feasibility of electronic forwarding of applications to hiring departments.
3. Collect and evaluate oral board pass rates to establish baseline for improvement opportunities.
4. Work with Information Technology and vendors to research availability/cost of computer skills assessment products.

Ongoing Program Objectives

1. Continue to streamline processes in order to maintain or improve “Average-time-in-Civil Service” for applicant processing.
2. Increase efficiency and effectiveness of screening through expanded use of automation features of online application process.
3. Collaborate with Human Resources and departments to review and revise testing standards, examination methods and instruments to identify candidates most likely to be successful City employees.
