Business Plan – Overview

Mission Statement:	To promote drug and gang education and reduce criminal activity using crime prevention and youth intervention programs .
---------------------------	--

About The Department

Assets that are legally seized can be sold at auction or assigned to the Police Department to support crime fighting activities and anti-drug and anti-gang programs. Fifteen percent of all asset forfeiture proceeds are deposited into a special reserve to promote and enhance drug and gang education, awareness and prevention.

Top Accomplishments for FY 2009/10

1. Used Drug and Gang reserve funding to pay for Teen Empowerment Program administered at the Operation Phoenix center.
2. Purchased crime prevention materials and supplies.

Major Issues for FY 2010/11

1. The Drug and Gang reserve balance has decreased significantly in recent years as a result of decreased forfeitures and increased spending in support of crime prevention and intervention programs.
