

# Choose To **RECYCLE MORE.**

**W**elcome to the Zero Waste Communities of San Bernardino County Reuse and Recycling Guide. On the following pages you can find out more about:

**RECYCLING** at home and work

**REUSING** and repairing household items

**CONTACTS** for local community programs

**SAFE DISPOSAL** of household hazardous wastes and other items

**ZEROWASTECOMMUNITIES.ORG**

This **Reuse and Recycling Guide** is a project of Zero Waste Communities of San Bernardino County. Sixteen cities and the County of San Bernardino formed the Zero Waste Communities, a partnership to educate their residents and businesses on waste reduction, reuse and recycling. For more information, please visit our website at **[www.zerowastecommunities.org](http://www.zerowastecommunities.org)**

**COUNTY UNINCORPORATED AREAS** (Availability May Vary)

Free community clean-up & recycling days, curbside green waste collection, curbside bulky item collection (including CRTs), commercial recycling, free commercial waste reduction assistance, community beverage container recycling, backyard composting workshops, speakers bureau, facility tours, hauler assistance with illegal dumping retrieval, informational & instruction materials, drop off locations for tires, construction & demolition debris, metallic discards, wood & green waste, and much more. For more information, go to [www.sbcounty.gov/wsd](http://www.sbcounty.gov/wsd).

## CURBSIDE RECYCLING

### Paper

Newspapers & inserts   Magazines   Junk mail brochures   Office paper & shredded paper   Telephone books, soft cover books & catalogs   Cardboard, cereal, laundry & shoe boxes (flattened)   Frozen food packaging   Paper bags & egg cartons   Wrapping paper

• NO rubber bands, plastic bags from newspapers, photos, foil wrapping paper • Remove liners from cereal boxes • Tape and staples OK • Envelopes with windows OK

### Glass, Bottles & Jars

**Bottles   Jars**  
• NO mirrors or ceramics  
• NO light bulbs • NO windows  
• NO dishes • REMOVE lids

### Metal Cans & Trays

**Aluminum cans & foil   Tin cans & steel/bi-metal cans   Aerosol cans empty & without pressure   Metal food trays**  
• NO scrap metal • No appliances • All cans should be empty

### Cartons

Milk/Juice cartons rinsed & flattened

### Plastic Containers

Empty rigid plastic containers coded to  
**PET   HDPE**  
Codes are found on the bottom of most containers.  
• Remove caps • NO plastic bags  
• NO photos or film  
• NO plastic toys • NO hoses  
• NO Styrofoam such as takeout food containers or meat trays

#### Other Plastics

- Colton & Loma Linda residents can recycle plastics #3 - #6
- Grand Terrace residents can recycle plastics #5 & #7
- San Bernardino residents can recycle plastics #3 - #7

### Plastic Bags

Recycle clean plastic bags at grocery store. Drop-off bags at outdoor boxes, store lobbies or at Customer Service Centers at **Albertsons, Ralphs, Stater Bros., Vons & Walmart.**

### Green Waste

• Grass Clippings • Tree Trimmings • Prunings • Leaves  
• Brush • Shrub Trimmings • Twigs & Small Branches  
• Weeds • Christmas Trees (unflocked; cut to 3' lengths)

• NO Dirt, rocks, stumps, palm fronds, cactus, yucca, animal waste, food waste, bamboo, poison oak/ivy, lumber.

**Green Waste Collection Programs vary by community. Call your service provider (see page 3) for details on how to participate.**

**PLEASE DO NOT BAG recyclables or greenwaste before placing in bins.**

### Think before you toss!

Remember, everything you put in your trash can goes to the landfill to be buried.  
So remember to recycle!

# DROP OFF RECYCLING CENTERS

**DROP OFF  
YOUR  
RECYCLING  
redeem  
CRV  
bottles  
& cans  
for \$**

## What is CRV?

**CRV means  
CA Refund Value.**

Consumers pay a small deposit on beverage containers at the checkout stand. You can get cash back by taking your CRV bottles and cans to a buy back recycling center. Call 1-800-RECYCLE for the location of a CRV buy back center near you.

### Transportation Tips:

- Before transporting hazardous waste, make sure:
- The amount of waste does not exceed 15 gallons or 125 pounds per vehicle, and no containers larger than 5 gallons.
- The containers are sturdy, not leaking, and sealed the waste is in its original container or contents are properly labeled.
- Wastes are securely packed in your vehicle to prevent spills. Never mix materials.

**\*For Sharps disposal, call 1-800-645-9228**

## Reduce and Reuse: The “Other” R’s

Reduce, Reuse, Recycle...the 3 R’s introduced years ago to remind people that there are things we can do to conserve natural resources and prolong the life of our landfills.

Everyone knows about Recycling, but how can one Reduce and Reuse to make a difference?

**Should  
You  
Buy**

**Or**

### **Reduce:** *to make or become less*

You can help the environment by reducing the amount of material of which you purchase and dispose. For instance, you can:

**Buy Often Used Items in Bulk.** If you buy one large item instead of a number of smaller ones, you will have purchased less packaging and therefore less to throw away.

**Purchase Only What You Need.** This may seem contradictory to “Buy Items In Bulk”, but if the item spoils or becomes outdated, then you will not only be disposing of the packaging, but the product as well.

### **Reuse:** *to use again*

Reuse is more than just using tin cans for pencil holders. Many items are thrown away before they outlive their usefulness. To prolong the life of usable items, you can:

**Donate Usable Items Which You No Longer Want to Thrift Stores and Other Charities.** “One man’s trash is another man’s treasure”, so even though you may not want them, someone else may treasure your discarded items.

**Consider Buying Used Products Instead of New Ones Whenever Practical.** The Recycling Guide Listings in this guide has places you can purchase used books, rebuilt automobile parts, and pre-owned furniture.

Another reason to Reuse items, is to reduce the use of disposable items. For example, you can:

**Use Your Travel Mug at Coffee Houses.** Many businesses will fill your mug instead of using one of their paper cups and may also give you a discount for it.

**Instead  
Of**

# Got Greens?

## Consider Composting and Grasscycling

A large part of the waste put into the landfills is green waste, or plant material from your yard and kitchen. By practicing backyard composting or grasscycling, the material never leaves your property and adds valuable nutrients to your yard.

## Backyard Composting...

is speeding up the process of decomposition of plant material. These materials are typically from yard / grass clippings and raw kitchen scraps (from fruits and vegetables). As the material breaks down it eventually turns into compost, the "black gold" of gardeners.

The steps to backyard composting involves mixing "greens" which are high in nitrogen, "browns" which are high in carbon, water and air. When these ingredients are combined, beneficial insects and microbes begin the process of breaking down the material.

Eventually, the material breaks down into compost. You know when its done when you can't tell what it used to be; it looks like dirt. When mixed into the soil, compost improves soil structure, retains water, balances pH, and adds valuable nutrients.

## Grasscycling...

is the practice of slowing down the growth rate of your lawn and leaving grass clippings on your yard when you mow. These clippings decompose in your lawn and release nutrients back into the soil. Grasscycling eliminates the need to bag and dispose of your clippings, thereby saving you time and energy. Though a "mulching mower" makes this process easier, you can practice Grasscycling with your existing mower.

*If you would like to learn more about composting and grasscycling, contact your local recycling coordinator (see page 3). You can also call the San Bernardino County Master Gardeners for these and other gardening questions at 909-387-2182.*

# BUSINESS RECYCLING & REUSE SECTION

## RECYCLING MEANS BUSINESS IN SAN BERNARDINO COUNTY!

Businesses can save money, conserve valuable resources, and help in the effort to divert 50% of waste from the landfill as required by State Law AB 939.

A variety of recycling collection services are available to businesses, including residential type "curbside" recycling barrels, or dumpsters, or even roll-off containers for large generators.

Businesses can recycle clean paper, cardboard, bottles, cans, scrap metal, pallets, and a variety of other scrap items.

Contact your local community recycling coordinator for more information. (See page 3.)

**SBCountyMAX, the San Bernardino County Materials Exchange, is a free online classified listing service designed to help businesses, government, and other organizations find markets for materials that would otherwise be thrown away.**

The concept behind SBCountyMAX is simple: materials discarded by one business can be a resource for another business.

### It's Free & It's Simple To Use!

- 1 Go to [www.SBCountyMAX.org](http://www.SBCountyMAX.org)
- 2 Once there, you can view the Available or Wanted materials; or place an ad

### For More information...

**SBCoMAX:** [www.SBCountyMAX.org](http://www.SBCountyMAX.org)  
1-800-722-8004

**CalMAX:** [www.CalMAX.org](http://www.CalMAX.org)  
1-877-520-9703

### SBCountyMAX benefits:

- Locate new markets for excess materials.
- Reduce disposal costs and provide income from previously disposed materials.
- Encourage local economic development by assisting start-up businesses to locate free or inexpensive materials.
- Support environmental goals by encouraging conservation of resources and saving landfill space.
- Assist local communities, as well as local schools, art groups and nonprofit organizations in locating free or inexpensive materials.

**SBCountyMAX is part of CalMAX**, the California Materials Exchange, an online and printed listing service provided free by the California Integrated Waste Management Board in partnership with the County of San Bernardino.

## **SAN BERNARDINO COUNTY SOLID WASTE DISPOSAL SITES**

For information about county facilities please call San Bernardino County Solid Waste Management Division at 1-800-722-8004 or go to [www.sbcounty.gov/wsd](http://www.sbcounty.gov/wsd)

### **County Owned:**

Call 909-370-3377 for information

***All Loads Must Be Covered And Secure***

## **COUNTYWIDE COMMUNITY CLEANUP & RECYCLING DAYS**

**Fall '05 - Saturday, October 22, 2005**

**Spring '06 - Saturday, April 8, 2006**

Countywide Community Cleanup & Recycling day happens twice a year, in the spring and fall. On these days, San Bernardino County residents can dispose of and recycle regular household trash and debris at no charge at all San Bernardino County-owned solid waste disposal sites normally open on Saturdays. Many areas organize roadside or public area cleanup events or competitions. This semi-annual event also serves to remind residents to recycle as much as they can, thereby reducing the amount of material they have to take to landfills. Contact your local recycling coordinator to find out what your community is doing for Community Cleanup & Recycling Day.
